

Dear Mom and Dad,

You guys are special because you love and care for me. I really appreciate all the stuff you do for me. Now I get that when you yell at me it's because you care for me and you want me to do the right thing. Sometimes we all fight but we always make up that's because we are a great family. Some people say they have the best family but I think that you guys are the best parents I could have. You guys rock. Have a great parent's week

Love,

Shelby
